

How it works:

During a one-week Summer Camp, 30 selected postgraduate students will attend in-depth presentations about the pharmaceutical industry. Participants will work in small teams to generate an innovative idea that addresses a scientific challenge and develop the idea into a business plan. Teams will receive coaching and guidance from Merck KGaA, Darmstadt, Germany managers and scientists, and experienced retirees. The teams will present their business plans to a grand jury composed of Merck KGaA, Darmstadt, Germany top management plus external experts. The jury will select the best business plan and present the winning team with the Innovation Cup award and a cash prize of EUR 20,000 plus EUR 5,000 for the runner-up. Options to implement the best business plans will be evaluated. At the last day of the Summer Camp, a conference with alumni from previous editions of the Innovation Cup will be organized.

Further information:
